

# eLe@rn Information For TRS

**Park Ridge State School**  
An Independent Public School

Park Ridge SS is a BYO iPad school. We call this program eLe@rn.

Here is some information to assist you with our eLe@rn program.

### **If you are not confident with using the iPads:**

- Please have students place them in the lockable cupboards (key given at office) for the day.
- Please remember to have students collect them at the end of the day.

### **If you are confident with using the iPads, please note the following:**

- When not in use, iPads are **not** to be placed in tidy trays, they **must remain in the lockable cupboards**. This includes lunch breaks.
- iPads are **not to be shared with another student**. At no time should a student be asked to share their iPad with another student. Students who do not bring their own iPad are to use paper/pencil to complete an activity.
- Students must **carry the iPad with 2 hands** and **walk** with it
- Students must **seek permission** from the teacher **before taking photos/video** of other students.

You will also have access to shared (school owned) iPads. Each year level has a roster for accessing these throughout the day. These iPads are for students who do not own an iPad. The same rules apply to these iPads.

**At any time if you notice an iPad has been damaged in any way**, please contact a member of our administration team immediately. (Sherron Butterworth 322; Ros Richardson 344; Karyn Houston 310 or Stephen Rowe 311).
